

Science

Can you feel the force?

We will be focussing on the impact of forces such as gravity, friction and air resistance. In order to understand these forces, we will be carrying out a range of exciting, practical investigations!

PSHE /HEART SMART

We will be looking at our worth as individuals; talking about facing new challenges and in accordance with our British values, we will be learning about why and how laws are made and enforced as well as understanding our rights and duties at home and school.

RE

We will be exploring how and why Christians read the Bible. We will be making connections between Bible passages and Christian values, attitudes or beliefs.

English

We will be using the picture book, *Otto*, by Tomi Ungerer. This book is a story of enduring friendship and fate set against a backdrop of Nazi occupied Germany. We will be using the book as inspiration to write informal letters and newspaper reports.

In spelling, punctuation and grammar we will be working hard to recognise and use colons, semi-colons, hyphens and parenthesis as well as prefixes and suffixes and how these change the meaning of a word.

World War 2

Autumn 1 2018

History - World War 2 in Britain and Europe

We will be studying the impact of the second world war on the lives of people in Britain. We will be learning about how the war started and important battles in Europe. We will also be focussing on the holocaust and how Hitler came to power.

Maths

This term's topics are place value and using all four operations (addition, subtraction, multiplication and division). Children will be taught to say, write and order numbers up to 1,000,000; to use Roman numerals; to work with negative number and to round numbers with varying degrees of accuracy. Children will also be taught to use formal written methods for the four operations. Children will be given ample opportunity embed their understanding by applying their number skills to reasoning and problem solving in the areas mentioned above.

PE - Gym

Pupils will find various ways of moving around the gym at low, medium and high levels; to demonstrate a range of shapes during flight and to understand and demonstrate counter balance.
